Welcome Site Supervisor

On behalf of the Counselor Education Department, we want to thank you for hosting our School Counseling student intern. The purpose of this handbook is to familiarize you with important elements of our fieldwork process. The handbook will include forms that depict the responsibilities of the site supervisor and student intern. It will also provide information regarding the standards and indicators/competencies required by the Department of Counselor Education, American Counseling Association (ACA), American School Counselor Association (ASCA), Department of Elementary and Secondary Education (DESE) and the Council for Accreditation of Counseling and Related Educational Programs (CACREP).

required to complete an online Counselor Supervision training, or provide documentation that you have
completed Counselor Supervision training elsewhere (i.e.; training graduate course, etc.).

Hosting a student intern can be a rewarding experience. A successful fieldwork experience provides students with an unmatched opportunity to apply classroom learning in a professional school setting. In turn, student interns bring to their fieldwork fresh perspectives and ideas, a high-achieving attitude, and an incomparable academic foundation of the elements that make up school counseling.

While students are acting in the field, they are also enrolled in a BSU supervision seminar course. The BSU instructor of this supervision course will schedule conference calls and/or site visits with you at some during the semester. There will also be weekly logs, mid-term/final evaluations, and program evaluations that you will be responsible for completing.

The Department of Counselor Education is hopeful that the student intern, in addition to gaining enriching and useful experience, will be an enthusiastic and capable asset to your school. We look forward to working with you and hope this will be an enjoyable experience that will continue in the future.

Should you have any questions or want additional information, please feel free to contact the Director of Fieldwork, Dr. Amanda Barudin Carreiro at abarudincarreiro@bridgew.edu 508-531-2658.
